

For the Love of Leslie

EMPOWERING RIDERS WITH SPECIAL NEEDS

My daughter Leslie has Rett's Syndrome, a progressive condition causing regression of all motor and verbal skills. Leslie is a beautiful soul locked inside of her own body. Although unable to communicate, it's obvious from the smile on her face how much she loves and thrives being around horses. Leslie joined Seaton Hackney Stables Therapeutic Program a year ago, and every time she is with the horses her face lights up. Her interaction and love of the horses is mutual as they give the love she deserves right back. The benefits of her therapeutic sessions are priceless, and we would like to spread this amazing experience to others like Leslie.

We ask you to lend your support to **Friends of Seaton Hackney INC. 501(c)(3)** through our fundraiser.

Their mission is to provide safe and fun riding lessons that promote physical, emotional, and social development while putting a smile on every kid's face!

All proceeds go to **Friends of Seaton Hackney, Inc., an NPO 501(c)(3) Charity** dedicated to providing equine assisted therapy for helping riders with special needs.

OUR GOAL IS TO RAISE \$20,000

1. To acquire New Therapeutic Riding Equipment:
 - Therapeutic saddles designed to support riders with varying needs.
 - Bareback pads that offer comfort and security for riders unable to use a saddle
 - Adaptive riding aids such as special reins, bridles, stirrups and handles
2. To expand their program with an additional therapy horse:

As their program grows, adding another horse can cater to the diverse needs of their riders, ensuring that more deserving children have the opportunity to benefit from equine therapy.

HOW YOU CAN HELP:

DONATE: Every contribution, big or small, brings us closer to our goal!

SHARE: Share our campaign with friends, family, and social media to raise awareness.
